Key Worker Children

Dear Parents

As you are aware schools will now be closed until the 8th March. As a result of this and due to the increased number of children attending school, home learning packs will be sent home daily. All children are asked to read their reading books or class novels at home in preparation of comprehensions and reading activities that will be completed in school. Spellings and mental maths daily activities are to be revised at home with the support of a parent in preparation for their weekly class tests. Parents are asked to look over the work completed in school and upload onto google classroom for teacher feedback. The children are working very well in school and completing all daily activities however, teachers are not getting the opportunity to view their work until the home learning packs are returned. Unfortunately, we do not have the resources in school to photograph and upload work onto google classroom.

I appreciate this is a difficult and challenging time however, it is important that all parents are given the opportunity to monitor their child's progress during this period of online learning.

Your Sincerely

Mr M. Meehan (*Principal*)
